CHANDAN VISHWKARMA

Full Stack Developer

📞 +91-8808972056 @ chandanvishwakarma.tech@gmail.com 🔗 https://cpdevs.com/
📍 Varanasi, Uttar Pradesh - 221002, India

SUMMARY

Full Stack Developer with **5+ years** of experience in front-end, back-end, and blockchain development. Proven track record of delivering **30+ production-level projects** on time while optimizing performance and enhancing user experience. Strong background in team leadership and project management, passionate about building scalable, high-performance applications using modern technologies.

EXPERIENCE

Associate Project Manager

QuadbTech 📅 10/2023 - Present 📍 Ludhiana Punjab, India

Associate Project Manager, managing timelines & team productivity

- Managing multiple cross-functional teams, overseeing projects such as Indonesia On Chain and Arctic to ensure timely and successful delivery
- Enhanced project visibility and accountability through improved tracking systems, resulting in a 25% increase in project transparency
- Initiated process optimizations for the Indonesia On Chain project, which led to a 20% reduction in project timelines while maintaining high-quality standards

Team Lead

QuadbTech 📅 06/2022 - 09/2023 📍 Ludhiana Punjab, India

Team Lead position focusing on project management and team coordination

- Completed {3} high-impact projects, including OWR and Begods, managing a team of {10} developers.
- Achieved a 30% improvement in project delivery times by implementing agile methodologies and enhancing team collaboration.
- Spearheaded the development of the OWR project, resulting in a robust multi-tenant store management system that significantly improved merchants' online store management capabilities.

Full Stack Developer

QuadbTech 📅 06/2020 - 05/2022 📍 Ludhiana Punjab, India

A technology company specializing in full stack web development and blockchain solutions

- Developed and maintained web applications using React, Redux, and Node.js, achieving significant improvements in user engagement and load times
- Designed and implemented SaaS-type websites similar to Shopify, leading the project from concept to deployment
- Integrated MongoDB and PostgreSQL databases, optimizing data management and reducing query response times
- Created and deployed smart contracts on Ethereum, Solana, and ICP blockchains, enhancing transaction security
- Utilized PHP and MySQL for backend development, contributing to the successful completion of various projects
- Analyzed blockchain data to derive insights and improve transaction efficiency
- Led and managed multiple projects, coordinating teams and resources to ensure timely delivery and success

EDUCATION

Master of Computer Application

Arunachal University of Studies

📅 08/2016 - 10/2019 📍 Namsai, India

Bachelor of Science (Mathematics)

Udai Pratap College 📅 06/2013 - 06/2016 📍 Varanasi, India

KEY ACHIEVEMENTS

🧠 **Project Leadership in OWR**
Successfully led multiple high-impact projects that improved efficiency and user experience, in the development of the OWR project

⭐ **Agile Methodologies Implementation**
Achieved significant improvements in project delivery timelines through the implementation of agile methodologies

SKILLS

React Redux Express Node
SCSS PHP Next Tailwind CSS
Bootstrap PostgresSQL MySQL
MongoDB MS-Access EJS AWS
Google Cloud Digital Ocean GitHub
CI/CD Docker WebSockets
Restful API's Redis Webpack
Typescripts C C++ Core Java
Motoko JavaScript ICP
Data Analysis Project Flow Design
Problem Solving Project Research
Project Management

PROJECTS

OWR

📅 04/2023 - 06/2025

A multi-tenant store management system for merchants

- Increased merchant digital presence by {30%} by developing a multi-tenant store management system for online store creation.
- Resulted in {30%} increase in user engagement by implementing React for intuitive, responsive UI.
- Created reusable components using Tailwind CSS, ensuring consistent design and faster development across the platform.
- Applied Redis caching to optimize product data retrieval, reducing page load times and improving user experience.

EDUCATION

Secondary Education

Subhash Inter College 📅 06/2011 - 06/2012 📍 Varanasi, India

CERTIFICATION

NDLM Certificate
National Digital Literacy Mission Certificate

DCA Certificate
Diploma in Computer Applications

CCC Certificate
Certificate in CCC for Computer Course

O level
Completed O Level Certification

PMKVY Certificate
PMKVY Certification
